## TOUR GUIDE VS. TOUR LEADER

### Tour Guide

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on the history, art, architecture and culture of the city/village/attraction where they are guiding the tour. The guide meets the group at the required place and leaves it at the end of the tour; they do not travel with the group.

### Tour Leader

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides at each stop. A tour leader may provide general guidance around a city or village and offer information on the place visited on the bus. However, they are not required to have specific art, architecture, or historical knowledge. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and, if caught doing so, can be fined.

*Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when required to enhance the experience of the destination featured.*

## CLIMATE & AVERAGE TEMPERATURES

### Lima

Lima is usually described as mild and warm throughout the year without noteworthy rain making Lima one of the driest capitals in the world. The average temperatures range from 18°C to 28°C.

### Cusco

Cusco has a subtropical highland climate due to its elevation (3500m above sea level). It is generally dry and temperate, with two defined seasons. The dry season lasts from May to August, with abundant sunshine and occasional night time freezes; July is the coldest month with an average of 9.7°C. The wet season lasts from December to March, with night frost less common; November averages 13.3°C. Although frost and hail are common, the only snowfall ever recorded was in June 1911. Temperatures usually range from 0.2°C to 20.9°C.

### Santa Cruz (Galapagos)

No time of year is too hot or too cold to enjoy the Galapagos, but the climate is not exactly the same throughout. June through December are considered the cooler months in terms of both the air and water. This is also the time of the dry season, where the highlands of the major islands are kept lush but the beaches and flatlands receive very little rain. Blue skies interrupted by sparse and sporadic afternoon showers are the norm.

## FLIGHTS

### Seat Selection & Frequent Flyer Points

At TripADeal we do not arrange seat selection. It is essential to highlight that some airlines do not allow pre-selected seats. We strongly suggest you contact the airline directly with seating allocation requirements and/or arrive at the airport earlier to arrange your seating. While we do not add frequent flyer member details to bookings, you can do this directly with the airline once you have your flight information.

### Passport Validity

Customers must provide valid passport details either at the time of purchase or no later than 45 days before the departure date. Failure to do so may result in the cancellation of the booking. Customers will be responsible for any costs and fees incurred in this instance.

## COACH TOUR

### Meals

For meals not included, the tour leader (when available) will offer assistance with reservations, suggestions and directions to local restaurants. It is your responsibility to notify TripADeal of any dietary requests/requirements. Please note: We will do our best to meet your requests/requirements; however, we cannot guarantee that we will always be able to.

### Luggage

You will be responsible for all your personal belongings whilst on tour. You must carry your own luggage from the vehicle to the hotel room and back to the vehicle. The driver will assist with the uploading and unloading of bags from the vehicle.

## OTHER

Altitude illness occurs when there is a lack of oxygen in the air at high altitudes. Altitude illness will affect some travellers, with no apparent regard to age, gender or physical condition.

If you have any concerns please consult your healthcare provider prior to purchase/travel.

## Yellow Fever

A valid international certificate of vaccination against Yellow Fever is required in many countries. You may need to present this on arrival at the airport or border crossing. Some countries will refuse entry if you are unable to present your certificate. It's also quite common for your home country to request a Yellow Fever certificate on your arrival back home.

It is your responsibility to check with your doctor well in advance of leaving home about the Yellow Fever requirements for the countries you'll be visiting.

## Gratuities / Tipping

## Visas

Tourist visas for Peru and Ecuador are not required if travelling on an Australian Passport.

### Chile (TRANSIT FLIGHTS)

If your travel includes transiting through Chile, you should contact the nearest Embassy or Consulate of Chile to confirm if you'll need a visa.

If you transit in Chile without a visa and miss your connecting flight, you won't be able to pass the immigration point. You'll be required to remain airside and not leave the airport until a new onward flight has been arranged. Australians have previously been required to remain airside for several days due to missed flight connections.

#### *Important:*

- *Please start arranging your visa three weeks before departure to account for any delays due to consulate operating hours.*

- *Visa rules may have changed since Covid-19. Some countries and airlines may require you to obtain an additional visa before arrival. Please check with the nearest embassy, consulate or immigration department of the destination you're entering.*

#### *Please note:*

- *Passengers who are not Australian citizens must also check with the respective consulate or visa agency to determine what their visa requirements are and what personal identification is required.*

- *It is also important to note that some areas of employment, such as journalism, government authorities and charity organisations, may have additional restrictions in applying for Visas. This may, in turn, affect the type of application required.*

## Travel insurance

Embarking on your next trip is exciting, and while you hope the unexpected does not happen, it is best to be prepared. We strongly recommend you take out travel insurance when making your booking.

Whether it's a potential medical emergency, a flight cancellation, a delayed suitcase, or an unforeseen event, it's important to ensure you're adequately protected. For more information or advice visit <https://www.tripadeal.com.au/travel-insurance>.
